1 Land North of Morris Drive, Alderley Park
Welcome

Alderley Park Limited and Miller Homes welcome you to the online exhibition presenting draft proposals for a new residential development on Land North of Morris Drive. The proposed scheme comprises 34 high-quality homes set within the Alderley Park development.

This consultation provides residents with an opportunity to review the proposals and submit feedback, which will help inform the plans prior to the anticipated submission of a full planning application to Cheshire East Council by Alderley Park Limited and Miller Homes this autumn.

Site Location Plan

Miller Homes

Miller Homes is one of the UK's largest, privately owned national house builders. We have been established for over 90 years with eleven regional offices across England and Scotland.

We build in attractive locations with a focus on designing quality developments that allow communities to flourish. By prioritising sustainability, integrating green spaces, enhancing local biodiversity, and improving pedestrian connectivity, we ensure our developments make a lasting, positive contribution to the wider community.
